Lumina Coffee Co. Brand Guidelines

1. Voice and tone
Our voice is warm, plain-spoken, curious and confident but never boastful.
1.2 Write in a warm, plain-spoken voice. Avoid corporate jargon and hype.
1.4 Use at most one exclamation mark per piece and never use all-caps for emphasis.
Do: "Our roasters pick every batch by hand."
Do: "Try it black first, then tell us what you taste."
Don't: "We are the undisputed #1 coffee on the planet!!!"
Don't: "Leverage our synergistic bean solutions."

2. Terminology
2.1 Say "coffee beans", never "java" or "joe". Casual slang is off-brand.
2.3 Say "customers", not "consumers" or "users".
2.5 Say "ethically sourced", never "cheap beans" or "bargain beans". Never frame sourcing around price.

3. Claims
3.1 Only make product claims listed in the approved claims register. No unqualified superlatives.
Approved claims:
- Our beans are sourced directly from 40 partner farms (Sourcing Report 2025, p. 4)
- All packaging is 100% compostable (Sustainability Brief, p. 2)
- Roasted in small batches within 48 hours of shipping (Operations Handbook, p. 11)
